### **About New Covenant Community**

We are a union congregation, affiliated with the Christian Church (Disciples of Christ), Presbyterian Church (USA), and the United Church of Christ. We are a progressive, Open and Affirming/More Light congregation, which welcomes all persons regardless of race, gender, age, or sexual orientation.

The format of most worship services includes time for reflection followed by community comment or discussion. The sharing of the bread and cup is a central part of our worship and we meet around the table. In the tradition of the Christian Church (Disciples of Christ) we celebrate Christ's open table every Sunday. We invite all who wish to do so to participate in this symbolic meal with us.
